

STEP BED WITH BENCH - STANDARD

M3004-B-

DISTRICT EIGHT

The Step Bed is a sanctuary of contoured lines and enriching volume. Inspired by terraced fields in mountainous regions, its padded headboard folds gently inward to accentuate a sense of intimate privacy. The side frames branch off at its conjoining points with the headboard, creating a small area to place your books and small objects. An optional built-in bench provides flexibility for individual needs.

Upholstered bedhead & frame
